

ZetaCal

DESCRIPTION

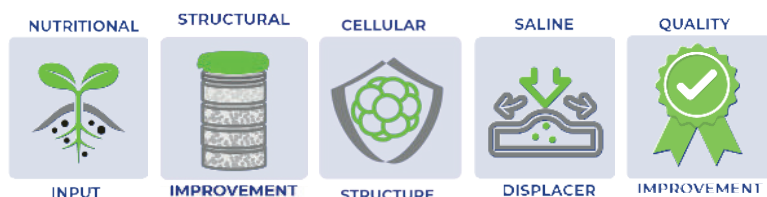

ZETACAL, is a fertiliser made with active thiosulphates that provide **SULPHUR** of very high assimilation. This supply of sulphur not only nourishes the plant, but also mobilises the nutrients that are locked up in the soil, making them available to the plant.

ZETACAL also provides **CALCIUM**, a good nitrogen and chlorine free calcium corrector. It is an excellent **soil improver**, improving soil structure and acting as a **salt displacer**. Reduces the risk of crop salinity.

FEATURES

- Improvement of the physico-chemical properties of soils. Structure.
- Immediately available source of calcium and sulphur, fully active, chlorine-free and nitrogen-free.
- Mobiliser of nutrients blocked in soils.
- Reduction of soil salinity.
- Correction of problems due to excess salts produced by high conductivity soils or water.
- The contribution of sulphur improves the organoleptic quality of the fruit, improving flavour, colour and quality.
- Improves cell wall structure and fruit firmness.
- Increases water infiltration capacity in heavy, clayey soils.

PROPERTIES

DECLARED CONTENT

INORGANIC LIQUID FERTILIZER BASED ON MACRONUTRIENTS		
CFP 1(C)(I)(b)(ii): FERTILIZER (EU)		
	w/w	w/v
Calcium oxide (CaO) Water soluble	8,4%	10,4%
Sulphur trioxide (SO ₃) Water soluble	25,0%	31,0%
pH	6,5-8,8	
Density	1,24c/cm ³	

ZetaCal

HANDLING AND DOSAGE INSTRUCTIONS

APPLICATION TO IRRIGATION WATER:

Saline soil correction: 40-60 L/Ha repeating according to salinity level, during the crop cycle.

Soluble Calcium source: 20-40 L/Ha repeating according to crop needs.

HANDLING AND PRECAUTIONS:

- Do not lower the pH of the nutrient solution below pH 6.
- Avoid mixtures with acid reacting products and phosphorus.
- Crystallisation temperature from 0°C.

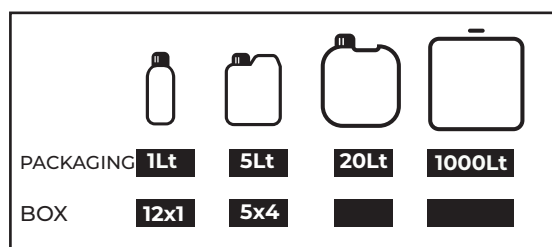

RECOMMENDED APPLICATION PER CROP

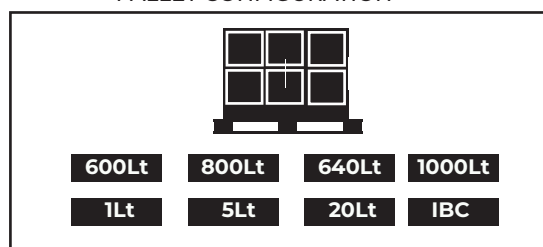

CROP	Dose/Application	No. of applications
Fruit and citrus trees	20-40 l/Ha	2-4 Applications
Horticulture	15-30 l/Ha	2-4 Applications
Ornamentals	20-40 l/Ha	2-4 Applications
Vineyard	15-30 l/Ha	2-4 Applications
Lettuce	20-40 l/Ha	2-4 Applications
Tomato	20-40 l/Ha	2-4 Applications
